

# 2015 Part B – SPP /APR

## Part B State Performance Plan (SPP) and Annual Performance Report (APR)

### Part B Indicator Measurement Table

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<b>Monitoring Priority: FAPE in the LRE</b>		
<p>1. Percent of youth with IEPs graduating from high school with a regular diploma. (20 U.S.C. 1416 (a)(3)(A))</p>	<p><b>Data Source:</b> Same data as used for reporting to the Department under Title I of the Elementary and Secondary Education Act (ESEA).</p> <p><b>Measurement:</b> States must report using the adjusted cohort graduation rate required under the ESEA.</p>	<p><i>Sampling is not allowed.</i></p> <p>Describe the results of the State’s examination of the data for the year before the reporting year (e.g., for the FFY 2013 APR, use data from 2012-2013), and compare the results to the target. Provide the actual numbers used in the calculation.</p> <p>Provide a narrative that describes the conditions youth must meet in order to graduate with a regular diploma and, if different, the conditions that youth with IEPs must meet in order to graduate with a regular diploma. If there is a difference, explain why.</p> <p>Targets should be the same as the annual graduation rate targets under Title I of the ESEA.</p>
<p>2. Percent of youth with IEPs dropping out of high school. (20 U.S.C. 1416 (a)(3)(A))</p>	<p><b>Data Source:</b> Same data as used for reporting to the Department under IDEA section 618.</p> <p><b>Measurement:</b> States must report a percentage using the number of youth with IEPs (ages 14-21) who exited special education due to dropping out in the numerator and the number of all youth with IEPs who left high school (ages 14-21) in the denominator.</p>	<p><i>Sampling is not allowed.</i></p> <p>Use 618 exiting data reported to the Department, and the definitions specified, in the EDFacts file specification C009.</p> <p><a href="http://www2.ed.gov/about/inits/ed/edfacts/eden/on-xml/c009-9-0.doc">http://www2.ed.gov/about/inits/ed/edfacts/eden/on-xml/c009-9-0.doc</a></p> <p>Include in the denominator the following exiting categories: (a) graduated with a regular high school diploma; (b) received a certificate; (c) reached maximum age; (d) dropped out; or (e) died.</p> <p>Do not include in the denominator the number of youths with IEPs who exited special education due to: (a) transferring to regular education; or (b) who moved, but are known to be continuing in education.</p>

**2015 Part B – SPP /APR**

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>3. Participation and performance of children with IEPs on statewide assessments:</p> <p>A. Percent of the districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AYP/AMO targets for the disability subgroup.</p> <p>B. Participation rate for children with IEPs.</p> <p>C. Proficiency rate for children with IEPs against grade level, modified and alternate academic achievement standards.</p> <p>(20 U.S.C. 1416 (a)(3)(A))</p>	<p><b>Data Source:</b></p> <p>3A. (choose either 3A.1 or 3A.2)</p> <p>3A.1 AYP data used for accountability reporting under Title I of the ESEA.</p> <p>3A.2 AMO data used for accountability reporting under Title I of the ESEA as a result of ESEA flexibility.</p> <p>3B. Assessment data reported in the Consolidated State Performance Report (CSPR) reporting on ESEA (EDFacts file specifications C185 and 188).</p> <p>3C. Assessment data reported in the Consolidated State Performance Report (CSPR) reporting on ESEA (EDFacts file specifications C175 and 178).</p> <p><b>Measurement:</b></p> <p>A. (choose either A.1 or A.2)</p> <p>A.1 AYP percent = [(# of districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AYP targets for the disability subgroup) divided by the (total # of districts that have a disability subgroup that meets the State’s minimum “n” size)] times 100.</p> <p>A.2 AMO percent = [(# of districts with a disability subgroup that meets the State’s minimum “n” size that meet the State’s AMO targets for the disability subgroup) divided by the (total # of districts that have a disability subgroup that meets the State’s minimum “n” size)] times 100.</p> <p>B. Participation rate percent = [(# of children with IEPs participating in an assessment) divided by the (total # of children with IEPs enrolled during the testing window, calculated separately for reading and math)]. The participation rate is based on all children with IEPs, including both children with IEPs enrolled for a full academic year and those not enrolled for a</p>	<p>Describe the results of the calculations and compare the results to the targets. Provide the actual numbers used in the calculation.</p> <p>States are encouraged to present their APR information in summary tables and include multiple years of data for comparison purposes.</p> <p>Include information regarding where to find public reports of assessment results, i.e., link to the Web site where results are reported.</p> <p>Indicator 3A: The data source and measurement for 3A is dependent on whether the State applied for, and was granted, a waiver of the requirements to determine Adequate Yearly Progress (AYP) for LEAs and schools as part of requesting ESEA flexibility. States that either did not apply for and receive ESEA flexibility, or applied for and received that flexibility but did not apply for a waiver of determining AYP should choose data source and measurement 3A.1. States with an approved ESEA flexibility request that includes a waiver of determining AYP should choose data source and measurement 3A.2.</p> <p>Report only on the AYP/AMO assessment targets for reading/language arts and mathematics proficiency, not targets for graduation or other elements of AYP/AMO.</p> <p>Indicator 3B: Provide separate reading/language arts and mathematics participation rates, inclusive of all ESEA grades assessed (3-8 and high school), for children with IEPs. Account for ALL children with IEPs, in all grades assessed, including children not participating in assessments and those not enrolled for a full academic year. Only include children with disabilities who had an IEP at the time of testing.</p> <p>Indicator 3C: Proficiency calculations in this APR must result in proficiency rates for each content area across all ESEA assessments (combining regular</p>

2015 Part B – SPP /APR

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
	<p>full academic year.</p> <p>C. Proficiency rate percent = <math>\left(\frac{\text{\# of children with IEPs scoring at or above proficient against grade level, modified and alternate academic achievement standards}}{\text{total \# of children with IEPs who received a valid score and for whom a proficiency level was assigned, and, calculated separately for reading and math}}\right)</math>. The proficiency rate includes both children with IEPs enrolled for a full academic year and those not enrolled for a full academic year.</p>	<p>and all alternates) for children with IEPs, in all grades assessed (3-8 and high school), including both children with IEPs enrolled for a full academic year and those not enrolled for a full academic year. States are encouraged to report using two rates – one for reading/language arts covering all assessed grades and one for mathematics covering all assessed grades. Only include children with disabilities who had an IEP at the time of testing.</p>
<p>4. Rates of suspension and expulsion:</p> <p>A. Percent of districts that have a significant discrepancy in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and</p> <p>B. Percent of districts that have: (a) a significant discrepancy, by race or ethnicity, in the rate of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and (b) policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.</p> <p>(20 U.S.C. 1416(a)(3)(A); 1412(a)(22))</p>	<p><b>Data Source:</b></p> <p>Data collected under section 618 of the Individuals with Disabilities Education Act (IDEA) (Report of Children with Disabilities Subject to Disciplinary Removal). Discrepancy can be computed by either comparing the rates of suspensions and expulsions for children with IEPs to rates for nondisabled children within the LEA or by comparing the rates of suspensions and expulsions for children with IEPs among LEAs within the State.</p> <p><b>Measurement:</b></p> <p>A. Percent = <math>\left(\frac{\text{\# of districts that have a significant discrepancy in the rates of suspensions and expulsions for greater than 10 days in a school year of children with IEPs}}{\text{\# of districts in the State}}\right)</math> times 100.</p> <p>B. Percent = <math>\left(\frac{\text{\# of districts that have: (a) a significant discrepancy, by race or ethnicity, in the rates of suspensions and expulsions of greater than 10 days in a school year of children with IEPs; and (b) policies, procedures or practices that contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports,}}</math></p>	<p><i>Sampling from State's 618 data is not allowed.</i></p> <p>Describe the results of the State's examination of the data for the year before the reporting year (e.g., for the FFY 2013 APR, use data from 2012-2013), including data disaggregated by race and ethnicity to determine if significant discrepancies are occurring in the rates of long-term suspensions and expulsions of children with IEPs, as required at 20 U.S.C. 1412(a)(22). The State's examination must include one of the following comparisons:</p> <ul style="list-style-type: none"> <li>• The rates of suspensions and expulsions for children with IEPs among LEAs within the State; or</li> <li>• The rates of suspensions and expulsions for children with IEPs to nondisabled children within the LEAs.</li> </ul> <p>In the description, specify which method the State used to determine possible discrepancies and explain what constitutes those discrepancies. If the State used a minimum "n" size requirement, report the number of districts excluded from the calculation as a result of this requirement. States have the option of using the "total number of districts" OR the "number of districts that meet the State's minimum n size for one or more racial/ethnic group" as the</p>

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
	<p>and procedural safeguards) divided by the (# of districts in the State)] times 100.</p> <p>Include State’s definition of “significant discrepancy.”</p>	<p>denominator in the calculation for B4A or B4B.</p> <p>For 4A, provide the actual numbers used in the calculation and if significant discrepancies occurred, describe how the State educational agency reviewed and, if appropriate, revised (or required the affected local educational agency to revise) its policies, procedures, and practices relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, to ensure that such policies, procedures, and practices comply with applicable requirements.</p> <p>For 4B, provide the following: (a) the number of districts that have a significant discrepancy, by race or ethnicity, in the rates of suspensions and expulsions of greater than 10 days in a school year for children with IEPs; and (b) the number of districts in which policies, procedures or practices contribute to the significant discrepancy and do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards.</p> <p>If discrepancies occurred and the district with discrepancies had policies, procedures or practices that contributed to the significant discrepancy and that do not comply with requirements relating to the development and implementation of IEPs, the use of positive behavioral interventions and supports, and procedural safeguards, describe how the State ensured that such policies, procedures, and practices were revised to comply with applicable requirements consistent with OSEP Memorandum 09-02, dated October 17, 2008.</p> <p>Targets must be 0% for 4B.</p>
5. Percent of children with IEPs aged 6	<b>Data Source:</b>	<i>For this indicator, report 618 data that were collected</i>

## 2015 Part B – SPP /APR

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>through 21 served:</p> <p>A. Inside the regular class 80% or more of the day;</p> <p>B. Inside the regular class less than 40% of the day; and</p> <p>C. In separate schools, residential facilities, or homebound/hospital placements.</p> <p>(20 U.S.C. 1416(a)(3)(A))</p>	<p>Data collected under IDEA section 618.</p> <p><b>Measurement:</b></p> <p>A. Percent = [(# of children with IEPs served inside the regular class 80% or more of the day) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p> <p>B. Percent = [(# of children with IEPs served inside the regular class less than 40% of the day) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p> <p>C. Percent = [(# of children with IEPs served in separate schools, residential facilities, or homebound/hospital placements) divided by the (total # of students aged 6 through 21 with IEPs)] times 100.</p>	<p><i>on a date between October 1 and December 1, 2013 and due on February 1, 2014. Sampling from State's 618 data is not allowed.</i></p> <p>Describe the results of the calculations and compare the results to the target.</p> <p>If the data reported in this indicator are not the same as the State's data reported under IDEA section 618, explain.</p>
<p>6. Percent of children aged 3 through 5 with IEPs attending a:</p> <p>A. Regular early childhood program and receiving the majority of special education and related services in the regular early childhood program; and</p> <p>B. Separate special education class, separate school or residential facility.</p> <p>(20 U.S.C. 1416(a)(3)(A))</p>	<p><b>Data Source:</b></p> <p>Data collected under IDEA section 618.</p> <p><b>Measurement:</b></p> <p>A. Percent = [(# of children aged 3 through 5 with IEPs attending a regular early childhood program and receiving the majority of special education and related services in the regular early childhood program) divided by the (total # of children aged 3 through 5 with IEPs)] times 100.</p> <p>B. Percent = [(# of children aged 3 through 5 with IEPs attending a separate special education class, separate school or residential facility) divided by the (total # of children aged 3 through 5 with IEPs)] times 100.</p>	<p><i>For this indicator, report 618 data that were collected on a date between October 1 and December 1, 2013 and due on February 1, 2014. Sampling from State's 618 data is not allowed.</i></p> <p>If the data reported in this indicator are not the same as the State's data reported under IDEA section 618, explain.</p>
<p>7. Percent of preschool children aged 3 through 5 with IEPs who demonstrate improved:</p> <p>A. Positive social-emotional skills</p>	<p><b>Data Source:</b></p> <p>State selected data source.</p> <p><b>Measurement:</b></p>	<p><i>Sampling of <b>children for assessment</b> is allowed. When sampling is used, submit a description of the sampling methodology outlining how the design will yield valid and reliable estimates. (See <u>General</u></i></p>

**2015 Part B – SPP /APR**

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>(including social relationships);</p> <p>B. Acquisition and use of knowledge and skills (including early language/ communication and early literacy); and</p> <p>C. Use of appropriate behaviors to meet their needs.</p> <p>(20 U.S.C. 1416 (a)(3)(A))</p>	<p>Outcomes:</p> <p>A. Positive social-emotional skills (including social relationships);</p> <p>B. Acquisition and use of knowledge and skills (including early language/communication and early literacy); and</p> <p>C. Use of appropriate behaviors to meet their needs.</p> <p>Progress categories for A, B and C:</p> <p>a. Percent of preschool children who did not improve functioning = <math>[(\# \text{ of preschool children who did not improve functioning}) \div (\# \text{ of preschool children with IEPs assessed})] \times 100.</math></p> <p>b. Percent of preschool children who improved functioning but not sufficient to move nearer to functioning comparable to same-aged peers = <math>[(\# \text{ of preschool children who improved functioning but not sufficient to move nearer to functioning comparable to same-aged peers}) \div (\# \text{ of preschool children with IEPs assessed})] \times 100.</math></p> <p>c. Percent of preschool children who improved functioning to a level nearer to same-aged peers but did not reach it = <math>[(\# \text{ of preschool children who improved functioning to a level nearer to same-aged peers but did not reach it}) \div (\# \text{ of preschool children with IEPs assessed})] \times 100.</math></p> <p>d. Percent of preschool children who improved functioning to reach a level comparable to same-aged peers = <math>[(\# \text{ of preschool children who improved functioning to reach a level comparable to same-aged peers}) \div (\# \text{ of preschool children with IEPs assessed})]</math></p>	<p><i>Instructions on page 2 for additional instructions on sampling.)</i></p> <p>Describe the results of the calculations and compare the results to the targets. States will use the progress categories for each of the three Outcomes to calculate and report the two Summary Statements. States have provided targets for the two Summary Statements for the three Outcomes (six numbers for targets for each FFY).</p> <p>Report progress data and calculate Summary Statements to compare against the six targets. Provide the actual numbers and percentages for the five reporting categories for each of the three outcomes.</p> <p>In presenting results, provide the criteria for defining “comparable to same-aged peers.” If a State is using the Early Childhood Outcomes Center (ECO) Child Outcomes Summary Form (COSF), then the criteria for defining “comparable to same-aged peers” has been defined as a child who has been assigned a scored of 6 or 7 on the COSF.</p> <p>In addition, list the instruments and procedures used to gather data for this indicator, including if the State is using the ECO COSF.</p>

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
	<p>times 100.</p> <p>e. Percent of preschool children who maintained functioning at a level comparable to same-aged peers = [(# of preschool children who maintained functioning at a level comparable to same-aged peers) divided by (# of preschool children with IEPs assessed)] times 100.</p> <p><b>Summary Statements for Each of the Three Outcomes:</b></p> <p><b>Summary Statement 1:</b> Of those preschool children who entered or exited the preschool program below age expectations in each Outcome, the percent who substantially increased their rate of growth by the time they turned 6 years of age or exited the program.</p> <p><b>Measurement for Summary Statement 1:</b></p> <p>Percent = # of preschool children reported in progress category (c) plus # of preschool children reported in category (d) divided by [# of preschool children reported in progress category (a) plus # of preschool children reported in progress category (b) plus # of preschool children reported in progress category (c) plus # of preschool children reported in progress category (d)] times 100.</p> <p><b>Summary Statement 2:</b> The percent of preschool children who were functioning within age expectations in each Outcome by the time they turned 6 years of age or exited the program.</p> <p><b>Measurement for Summary Statement 2:</b></p> <p>Percent = # of preschool children reported in progress category (d) plus # of preschool children reported in progress category (e) divided by [the total # of preschool children reported in progress categories (a) + (b) + (c) + (d) + (e)] times 100.</p>	

**2015 Part B – SPP /APR**

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
<p>8. Percent of parents with a child receiving special education services who report that schools facilitated parent involvement as a means of improving services and results for children with disabilities.</p> <p>(20 U.S.C. 1416(a)(3)(A))</p>	<p><b>Data Source:</b> State selected data source.</p> <p><b>Measurement:</b> Percent = [(# of respondent parents who report schools facilitated parent involvement as a means of improving services and results for children with disabilities) divided by the (total # of respondent parents of children with disabilities)] times 100.</p>	<p><i>Sampling of parents from whom response is requested is allowed. When sampling is used, submit a description of the sampling methodology outlining how the design will yield valid and reliable estimates. (See <u>General Instructions</u> on page 2 for additional instructions on sampling.)</i></p> <p>Describe the results of the calculations and compare the results to the target. Include a description of how the State has ensured that the response data are valid and reliable, including how the data represent the demographics of the State. Provide the actual numbers used in the calculation.</p> <p>If the State is using a separate data collection methodology for preschool children, the State must provide separate baseline data, targets, and actual target data or discuss the procedures used to combine data from school age and preschool surveys in a manner that is valid and reliable.</p> <p>If States are using a survey and the survey is revised or a new survey is adopted, States must submit a copy with the APR.</p> <p>States are encouraged to work in collaboration with their OSEP-funded parent centers in collecting data and implementing improvement activities for this indicator.</p>
<p><b>Monitoring Priority: Disproportionate Representation</b></p>		
<p>9. Percent of districts with disproportionate representation of racial and ethnic groups in special education and related services that is the result of inappropriate identification.</p> <p>(20 U.S.C. 1416(a)(3)(C))</p>	<p><b>Data Source:</b> Data collected under IDEA section 618 (Report of Children with Disabilities Receiving Special Education Under Part B of the Individuals with Disabilities Education Act, As Amended) and the State’s analysis to determine if the disproportionate representation of racial and ethnic groups in special education and related services was the result of</p>	<p>Provide racial/ethnic disproportionality data for children aged 6 through 21 served under IDEA. Provide these data for all children with disabilities.</p> <p>States are not required to report on underrepresentation.</p> <p>Provide the number of districts identified with disproportionate representation of racial and ethnic groups in special education and related services and</p>

Include students who dropped out during 2012-2013 or who were expected to return but did not return for the current school year. This includes all youth who had an IEP in effect at the time they left school, including those who graduated with a regular diploma or some other credential, dropped out, or aged out.</p> <p><b>I. Definitions</b></p> <p><u>Enrolled in higher education</u> as used in measures A, B, and C means youth have been enrolled on a full- or part-time basis in a community college (two year program) or college/university (four or more year program) for at least one complete term, at any time in the year since leaving high school.</p> <p><u>Competitive employment</u> as used in measures B and C means that youth have worked for pay at or above the minimum wage in a setting with others who are nondisabled for a period of 20 hours a week for at least 90 days at any time in the year since leaving high school. This includes military employment.</p> <p><u>Enrolled in other postsecondary education or training</u> as used in measure C, means youth have been enrolled on a full- or part-time basis for at least 1 complete term at any time in the year since leaving high school in an education or training program (e.g., Job Corps, adult education, workforce development program, vocational technical school which is less than a two year program).</p> <p><u>Some other employment</u> as used in measure C means youth have worked for pay or been self-employed for a period of at least 90 days at any time in the year since leaving high school. This includes working in a family business (e.g., farm, store, fishing, ranching, catering services, etc.).</p> <p><b>II. Data Reporting</b></p> <p>Provide the actual numbers for each of the following</p>

2015 Part B – SPP /APR

Monitoring Priorities and Indicators	Data Source and Measurement	Instructions for Indicators/Measurement
		<p>mutually exclusive categories. The actual number of “leavers” who are:</p> <ol style="list-style-type: none"> <li>1. Enrolled in higher education within one year of leaving high school;</li> <li>2. Competitively employed within one year of leaving high school (but not enrolled in higher education);</li> <li>3. Enrolled in some other postsecondary education or training program within one year of leaving high school (but not enrolled in higher education or competitively employed);</li> <li>4. In some other employment within one year of leaving high school (but not enrolled in higher education, some other postsecondary education or training program, or competitively employed).</li> </ol> <p>“Leavers” should only be counted in one of the above categories, and the categories are organized hierarchically. So, for example, “leavers” who are enrolled in full- or part-time higher education within one year of leaving high school should only be reported in category 1, even if they also happen to be employed. Likewise, “leavers” who are not enrolled in either part- or full-time higher education, but who are competitively employed, should only be reported under category 2, even if they happen to be enrolled in some other postsecondary education or training program.</p> <p><b>III. Reporting On the Measures/Indicators</b></p> <p>Targets must be established for measures A, B, and C.</p> <p>Measure A: For purposes of reporting on the measures/indicators, please note that any youth enrolled in an institution of higher education (that meets any definition of this term in the Higher Education Act (HEA)) within one year of leaving high school <i>must</i> be reported under measure A. This</p>
