

Suva Intermediate School—South Montebello USD

Location: North Central South

County: Los Angeles County

Demographics: Urban or large central city

Exemplar Area:

Collaborative Data Culture
Student Engagement Support

Contact:

Teresa Alonzo
Alonzo_Theresa@montebello.k12.ca.us

Strengths:

- High level of student engagement and articulation with teachers/admin about learning. Recognizing students' progress and incrementally raising expectations
- Highly competent and committed individuals supporting the students
- Sustainability because leadership has a vested interest in supporting the work

Struggles:

- Creating a clear vision for school improvement throughout the community
- Staff being willing to take on additional caseloads or assignments to help struggling students

Summary:

Site Admin has committed to providing and protecting regular collaboration times using various protocols, 2-4 times per week. This collaboration time is used for data analysis, setting goals, sharing techniques, and professional development.

Teacher attrition has been mitigated by increased collaboration time for team members in each other's classrooms.

Focus on fidelity of implementation, regular collaboration, professional development, and support for students, teachers, and families has contributed to the tremendous growth by individual students.

Advice for Success:

1.
